Cherished Friends,

You have not heard from us in a little while. There have been many things happening in the background that are not quite ready to be shared yet, but today we are excited to announce some great news.

We are [live on Amazon!](#)

Our Compostable Caddy Liners are now available for next-day delivery.

Unlike competing products that usually break, leaving a decomposing pile of wet waste at the bottom of your bin, **[Toraphene solves this](#)** by providing super-strength liners — **without compromising the environment.**

That's a bold claim, and one that we would appreciate your help in testing by trying them out at home and giving us some honest feedback.

How do our bags perform? How do they feel? Would you recommend them to a friend?

**[Please buy some caddy liners and leave us a review on Amazon to help our rankings](#)** or get in touch directly if you have any constructive feedback to help our continuous improvement.
